- Monday 16th December 2.00pm & Tuesday 17th December 10.00am Reception & Yr 1 Christmas production. Please let the teachers know if you have any time or skills to support with preparations for the show.

Stars of the Week

Robin's Star of the Week is Daphne for Inclusion. This week Daphne has helped many children with their learning and has been a wonderful role model for her friends.

Wren's Star of the Week is Ketav for Community. Ketav has been very kind and helpful in Wren class this week.

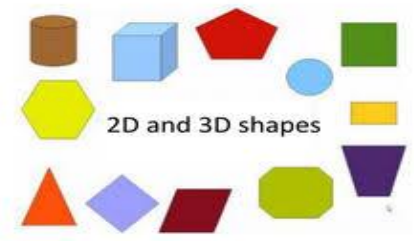
Communication, Language and Literacy, Personal, Social and Emotional Development and Physical Development, Literacy, Maths, Understanding the World, Expressive Arts and Design

Our topic in reception this week has been superheroes, the children loved this topic and everyone has taken part in some fantastic learning. The children talked about their favourite famous superhero such as batman and wonder woman as well as their own personal superheroes such as their mums and dads. We have encouraged the children to write about these people in independent tasks and in write away this week. The children enjoyed getting creative this week making 3D superheroes using paper and playdough. In sound steps this week, the children have been recapping the alphabet.

We have now taught each sound and are encouraging the children to recall and use these sounds when blending and segmenting simple CVC words such as mat, pin and gap.

This week in mathematics mastery, we have introduced 3D shapes. 3D means 3 dimensional. The children enjoyed exploring the classrooms looking for real objects that were a cube, cuboid, sphere and cylinder shape.

Thank you to everyone who was able to attend Stay and Play, the children loved sharing their learning and friends with you. We hope you enjoyed getting to know the routine in reception and seeing how your child interacts with the setting. We aim to have a stay and play every half term so please look out for future dates in the new year.

Weekend Activities


Go on a shape hunt around your home or local area. What shapes can you find?
