

Year 4 Newsletter - Spring 1 2022

Dear Parent/Carers

Welcome back after the Christmas break. Our half term topic for Spring 1 is Heritage and Culture. This unit of work is based on weather around the world. We will look at physical and human features of the areas which these structures are based.

Attendance

Magpie: 95.8%

Owl: 93.9%

Target: 97.5%

As readers and writers...

The teaching of reading continues with daily work focusing on comprehension, vocabulary understanding and understanding how the author/poet is conveying their meaning through text. We will be looking closely at inference and deduction as part of our VIPERS lessons. We will focus our sessions on 'The miraculous journey of Edward Tulane'. The children will also be learning The Mrs Butler Blues Poem by heart.

Our writing lesson will be linked to the key text for this half term. The children will be focusing on the key skills needed to write a narrative about a journey, as well as writing a diary entry and a letter.

Spellings will continue to be sent home weekly and are linked to the phonic activity and the Year 3 spelling words.

The children's reading books are also linked to an app on their iPads called Accelerated Reader. Please encourage your child to complete a quiz to show their understanding once they have finished reading a text.

As scientists...

As scientists, this term we will be learning about what recycling and global warming is under the topic of sustainability. We will also be looking into how recycling can help reduce the impact of this by asking the following scientific questions:

- What are everyday materials made from?
- What is recycling?
- What is a life cycle assessment?
- What is global warming?
- What is climate change?

As mathematicians...

Number - multiplication and division

- recall multiplication and division facts for multiplication tables up to 12×12
- use place value, known and derived facts to multiply and divide mentally, including: multiplying by 0 and 1; dividing by 1; multiplying together 3 numbers
- recognise and use factor pairs and commutativity in mental calculations
- multiply two-digit and three-digit numbers by a one-digit number using formal written layout
- solve problems involving multiplying and adding, including using the distributive law to multiply two digit numbers by 1 digit, integer scaling problems and harder correspondence problems such as n objects are connected to m objects.

Measurement- Area

- convert between different units of measure
- measure and calculate the perimeter of a rectilinear figure (including squares) in centimetres and metres
- find the area of rectilinear shapes by counting squares

As theologians...

In RE this half term, we our focus will now be upon Arts and Literature in Hinduism. This will also link in with our Art topic where we will be looking at tessellations.

As musicians...

We will be listening to and creating our own songs with an antibullying message using Stop! This is a song/rap written in a Grime style for you to compose your own lyrics.

As linguists...

In Mandarin this half term we will be looking at school life and time and weather.

As historians...

As historians, we will be learning about the Roman Empire and their influence over the world we live in today.

As computer whizzes...

In computing this half term, we will be learning how to make animations using the tasks set on code.org. By the end of the half term they will have the opportunity to create their own Star Wars game. The children will also have an E-safety day at the end of the half term.

Heritage and Culture

As geologists...

We will be looking at the impact that humans have had on the Earth by learning about how civilisation has changed over time.

As artists...

In Art we will be learning about the use of positive and negative space in order to create a tessellation collage. The children will learn about the artist M. C. Escher and how he was influenced by the mathematical tessellations in architecture from Alhambra Spain.

As athletes...

PE this half term will be provided by some professional tennis coaches. The children will have the opportunity to learn core skills in order to play tennis successfully.

As good citizens...

In PSHE we will be looking at careers and money sense. The children will also be learning about the 9 habits or being patient and compassionate.

Notices and reminders

- PE is on MONDAY and THURSDAY every week for Owl and Magpie Class.
- Please ensure your child has their PE kit in school on the relevant day.
- Your child will be set two tasks each week in addition to their expected daily reading. Your child will be given a sheet in their homework book which will explain what the tasks are. Both tasks will need recording in the homework book. The homework is generally a reinforcement of the week's learning that has taken place.
- Homework will be given out every Wednesday and needs to be handed in by the following Wednesday at the latest.
- Please read with your child every day and initial your child's comments.
- Please ensure your child's iPad is in school everyday and fully charged as these are used to support learning daily.

Thank you for your support!
