## Notices

- Please provide your children with hats and mittens (and teach them how to put them on) ....we still go outside even in the cold!
- If you decide to give your children gloves please can you make sure you teach them how to put them on as it is impossible for us to combine putting on 64 gloves with supervising and doing interactive activities with the children outside!
- Please remember to return the story book and reading record each Friday so your child can choose a different book. The children get upset when their friends are able to choose a new book if they are not allowed to.

This week the children have started to learn the words and actions to their Christmas songs which we will video at the end of term.

Our theme this week was Music. We have looked at many different instruments and listened to the sounds they make. We have made our own shakers and sung whole class songs such as 'Tanka Tanka Skunk', using them as percussion accompaniment. We have had great fun dancing along to the Animal Bop and the Animal Boogie. We have even looked at sheet music and tried to write the musical note symbols.

Next week's topic will be Christmas Crafts. The children will be making decorations and a Christmas cards, and practicing their concert songs.

This week's letter and sound is....

Ss

## Things to do at home this weekend.....

- Place some toys on a tray and ask your child to look at them and remember the toys that are there. Then cover the tray with tea towel. See how many toys your child can remember. Repeat but remove a toy and see if they can remember which toy is missing.
- Please continue with basic number work and name writing
