

Nursery newsletter

5.03.21

Notices

- I am having a minor operation next week and will not be able to be in nursery for the next two weeks, a supply teacher will take my place and I have planned and resourced everything in advance so the children's learning experience will remain the same. Miss Ogbonnaya and Miss Clare will of course be here to continue to take good care of the children and to help them with their learning ☺
- Can I remind new parents to sign your child up for free school milk using the following website: www.coolmilk.com

This week:

As part of the whole school's Community theme this week's topic was Percy the Park Keeper. We thought about why we enjoy going to the park and what we could do to make our parks better places for everyone to enjoy. We designed our own park in a spot tray using moss, and twigs and plants for trees and a mirror for a pond. We made a sandpit out of a box and rocks to climb on out of egg boxes. We even built picnic tables and swings out of twigs, lollipop sticks and string! We listened to lots of Percy the Park Keeper stories and discussed all the fun he had with his animal friends as he carried out his work in the park. We tried to think of all the woodland creatures we could see in the park and we painted them.

Next week's topic is....

Pets. We will learn how we look after pets and what they need from their owners to make them happy and healthy animals. We will think about the difference between pets and wild animals, and decide which animals would make good pets, and which wouldn't

Next week's letter/sound is...

Things to do at the weekend....

- Talk to your child about how to look after a pet, even if you don't have one. Discuss how pets are different from wild animals and why lions, giraffes and rhinos would not make good pets!
- Practice name writing and correct pencil grip
