## Notices

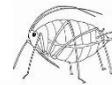

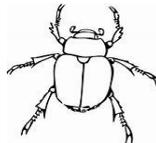

- It was so lovely to talk to so many of you on Parent's Evening
- **PLEASE NOTE** next week is the last week before the Easter Holiday. We finish on **Wednesday 31<sup>st</sup>** at 1.00pm, Morning sessions as normal, **Full-timers end at 1.00** and there will be no afternoon session
- The last day for **PM children is Tuesday 30<sup>th</sup> March**
- The last day of school is a non-uniform day!

**This week:** We learnt all about plants. We learnt to name the different parts of a plant and found out how each part has a function to help the plant grow and be healthy. We put sequencing cards in order to help us plant our own seeds, and we took it in turns to water them. We thought about the plants we can grow to eat, the ones that help the ecosystem, and how plants make us feel when we see them at the park or in gardens. We made seed collages and learnt how to order sunflowers according to their size.

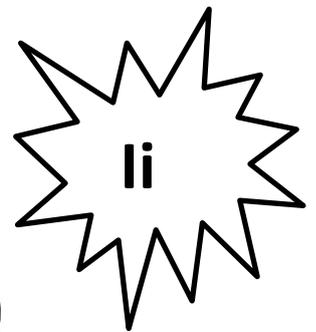

After the Easter holidays our topic will be...

Six Legs or Eight?

Min-beasts. We will compare spiders, ants and butterflies along with many other mini-beasts, looking at their body features and habitats. We will go on a bug hunt in the playground.

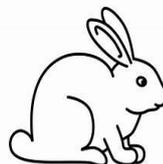

The next letter and sound will be...

Happy

Easter!

## Things to do over the Easter Holidays....

- Collect objects beginning with the same sound and put on a tray or in a box. Name the objects for your child, stressing the initial sound and ask them to repeat it after you. Cover the objects with a tea towel and take an object away. Can your child remember the missing object? Play another way by asking your child to remember all the objects under the cloth. Change the game with different initial sounds.
- General maths 1:1 counting, and if your child is ready ask them to count 2 groups to find the total to introduce them to addition.
- Ask your child to place 4 or 5 items in size order
