4.3.22

Conrad

Asa

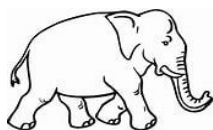

Stars of the week:

Conrad for trying very hard not to cry when he comes into school

Asa for settling into full-time sessions so well

Next weeks topic: Safari Animals

We will look at the habitats of large safari animals. We will find out what they eat and how they catch their food. We will look in detail at the different types of skin they have and their colours and patterns. We'll look at their relative sizes and their different footprints and compare them to our own. We will think about the differences between wild animals, pets and farm animals. We will re-create their skin patterns and stamp animal footprints. We will try to move and sound like safari animals.

Next week's
sound is....

Zz

Notices...

- Thank you so much to everyone who has contributed their £6
- The children thoroughly enjoyed making and eating pancakes on Tuesday!
- It was great fun seeing all the fantastic character outfits the children wore today, they all looked amazing!
- We are still on the look-out for old keys, locks, and padlocks. Please can you raid your man-drawers and sheds and donate any old op odd keys . Our supply is running low and the children love looking for keys that fit locks, and exploring the workings real lock mechanisms

Things to do at home...

- Please reinforce your child's knowledge of our weekly themes at home with questions and vocabulary, this week name safari animals, describe what they look like, where they live, what they sound like etc.
- Please encourage your children to talk to you using simple sentences rather than single words. Model full sentences back to them.
