

# Nursery newsletter

17.3.22

Jovina

Kaiden

## Stars of the week:

Jovina for describing what she was building.

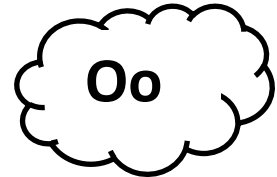

Kaiden for writing his numbers clearly and in order completely independently

## Next weeks topic: Roots & Shoots

We will learn all about plants. We will name the different parts of a plant and find out how each part has a function to help the plant grown and be healthy. We will order sequencing cards and use them to help us plant our own seeds. We will plant cress seeds and look after them as they grow. We will find out about the plants we can eat, the ones that help the ecosystem, and how plants can make us feel when we see them at the park, in gardens or in our homes. We will have fun making seed collages.

Notices...

Next week's  
sound is...

- Thank you all for helping us to raise money for Red Nose Day 😊
- Friday 25<sup>th</sup> March is Cancer Awareness Day when the children can wear a hat for the day (...make it as silly as you like!) and bring in £1 Cancer Charities

## Things to do at home...

- Please reinforce your child's knowledge of our weekly themes at home with questions and vocabulary, look at different plants, and the parts of a plant (stem, leaves, roots, flower/bud etc)
- Please encourage your children to talk to you using simple sentences rather than single words. Model full sentences back to them.
- Please practice name writing **ESPECIALLY THE CHILDREN GOING UP TO RECEPTION!!**
