

Nursery newsletter

Kevin

29.4.22

Jack

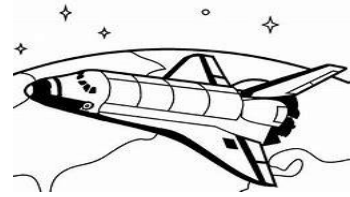

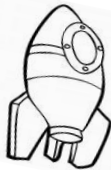

Stars of the week:

Kevin for helping his cousin to settle in and understand the nursery rules

Jack for trying hard to give clear explanations

Next weeks topic: Space

We will try to understand what space is, where it is and how big it is!! We will talk about the atmosphere, the planets and space travel. We will think what it would be like to be an astronaut and to fly in a rocket and work on a space station. We will create a space station in our role play area and use our imaginations as we fly into space! We make rockets etc. out of junk modelling and we will cook star biscuits. make star biscuits

Notices...

- Next Monday is a Bank Holiday so nursery will be closed
- We are still collecting this half term's £6 towards resources, a big thank you to all those who have paid already
- Thank you for all the boxes for junk modelling, we now have enough
- We now only have one pair of spare joggers in nursery because the ones we lend after accidents are not being returned, please check to see if you have any of nursery's tracksuit bottoms at home, and any donations are welcome!

Things to do at home...

- Explore the concept of space with your child
- Please encourage your children to talk to you using simple sentences rather than single words. Model full sentences back to them.
- Please practice name writing with correct letter formation
- Ask your child to help you count things out around the home (eg socks, cutlery, books etc) making sure they touch or move each object as they count to ensure accuracy
