

Nursery newsletter

10.2.23

Jack

Naziah

Stars of the week:

Jack for working really hard on forming his C's and K's correctly

Naziah for becoming much more confident in nursery

Next topic: On My Own Two Feet (Pairs)

We will be thinking about why we wear shoes on our feet. What are they for? We will look at why we wear different types of shoes for different activities. We'll think about why we have a left shoe and a right shoe, and see what happens when we put our shoes on the wrong feet! We will look at matching pairs and play games that encourage us to look at detail to match things up. We will also discover what 'odd' means. We will have fun measuring each other's feet in our role play shoe shop, and trying on new shoes.

This week's
sound is...

li

Notices....

- We hope you all have a lovely half term break
- We are still collecting shoes for the shoe shop roleplay (flip-flops, sandals, wellies etc. either adult or children's that you need to get rid of)

Things to do at home...

Ask your child to make matching pairs with all the shoes or socks at home

Count the pairs, and count the individual shoes

Ask your child to describe which shoes would be best for which activity and ask them to give explanations for their choices (wellies, trainers, school shoes, party shoes etc)

Please practice name writing (using tripod pencil grip)
