Jazmine

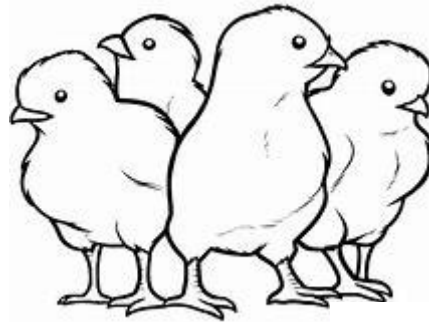

Stars of the week:

Jazmine for using her words much more!

Naziah for trying very hard to control his emotions 😊

Next weeks topic: Living Eggs

We are delighted to have eggs to incubate in the classroom on our first week back! We will look after the eggs in an incubator and watch as they hatch. We will then carefully place them in a brooder and watch the changes that happen to them as they grow.

Notices...

This week's
letter/sound...

Hh

- The children come back to school on Tuesday 6th June (Monday 5th and Friday 23rd June are staff training day so the school is closed)
- Sports day will be for the children who are going up to reception in September, and will be held on Thursday 22nd June in the morning. If your child is participating and an afternoon child, then you are very welcome to bring them in for it. Parents of participating children are invited to watch. (The young nursery children will have their session as normal and will be spectators) The time will be confirmed after half term

Things to do at home...

- Research the life cycle of a chicken
- Please practice name writing with correct letter formation
- Practice recognising random numerals with your child

ENJOY A LOVELY HALF TERM HOLIDAY!
