Saraya

2.02.24

Joshua

Stars of the week:

Saraya for trying very hard to form the letters in her name

Joshua for listening and following instructions

Next weeks topic: Where we live.

Following on from personal safety the children will be asked to learn their house number and road name and the area they live in (Croydon, South Norwood, London etc). They will be discovering what an address is and why we need one. We will try to look for places and areas on a simple map, such as parks, rivers, roads etc. We will discover that there are many different types of buildings and homes. We will try to find our school on Google Earth and draw our own giant map. We will also use shapes to construct houses and buildings.

Next week's
letter is...

Pp

Notices:

- A big thank you to all those who have donated towards the cost of booking a petting zoo, we are nearly there, if we can raise enough money the children would be able to touch, stroke, feed, groom and learn about a variety of real animals which could include rabbits, guinea pigs, tortoise, gecko, micro sheep, bearded dragon, a small pony, ducks, chickens, small dogs etc. It would be an amazing experience for them all! 😊
- Friday 9th Feb:
- is the last day before half term
- is Mufti Day with the theme "Express Yourself" £1 donation going to the "Place 2 Be" charity.
- FoR Valentines Disco 3.30-4.15 £1 entry, nursery children welcome but must be accompanied by an adult

Things to do at home...

Help your child learn the name of their road and the number of their house

When you go for a walk look at the different types of building you pass, discussing and comparing their features with your child (roofs, height, materials, windows, colours etc)

Show your child a road map or a google map and locate where your home is, and local parks, roads, railway lines, rivers, ponds, schools, libraries etc.
