4.4.25

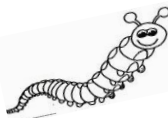

Happy Easter!

Next topic is Life-cycles

We will study the life-cycle of butterflies and frogs. We will look at each stage of their development and discover how much they change from the embryo stage to becoming a fully mature adult. We will compare their life cycles and talk about the similarities and differences we notice. We will then think about the life cycle of humans and compare how little we change as we grow.

Notices...

Next week's
sound is...

Ch

- The summer term will start on Tuesday 22nd April
- We have collected in the reading books, new ones will be given out on the first Friday back
- When we come back, we will be collecting the £15 contribution for the summer term, we have lots of exciting things planned!

Things to do at home

- Collect objects beginning with the same sound and put on a tray or in a box. Name the objects for your child, stressing the initial sound and ask them to repeat it after you. Cover the objects with a tea towel and take an object away. Can your child remember the missing object? Change the game with different initial sounds
- Please begin to practice sounding out CVC words with the children who will be going up to reception eg C-A-T, H-O-T, S-I-T etc
- General maths 1:1 counting accurately, and if your child is ready, ask them to count 2 groups to find the total to introduce them to addition. Practice recognising random numerals to 12
- Please practice name writing using the tripod pencil grip ESPECIALLY the children that are going up to reception as

HAVE A WONDERFUL EASTER BREAK! 😊
