Nursery newsletter

Shadane

6.6.25

Zuri for thinking of unusual words beginning with H 😊

Shadane for good listening and following instructions 😊

Next Topic is....Chicks

We will learn how to take care of tiny chicks. We'll watch chicks hatch from eggs in an incubator and then help to look after them once they are transferred to a brooder. We will give them food and water each day and clean their brooder. We will be able to observe them closely as their bodies change and they grow feathers.

SPORTS DAY FRIDAY 13th @ 10.15am (note the time has been amended)

The new children who joined us this Summer term will not participate; they will have their turn next year 😊

Sports Day will take place in the main hall, please come through the office entrance, doors will open at 10.10am

Please bring afternoon children into nursery at 9.50am to be put into their teams etc.

Children to wear normal uniform, with trainers if they have them (but no need to buy them specially) The children are put into colour teams, but these might change as we will have to even out the teams according to numbers on the day.

Please **DO NOT bring buggies into the school building**, babies will need to be held as space is very limited.

The children will do a lap of honour at the end of the races and then you will be able to cuddle your child before they are taken back to nursery where the AM children can be collected, and the FT's will go for lunch.

Please do not share photos of the children on social media, thank you 😊
