

Nursery newsletter

7.11.25

Ash-Shawn for answering a question with detail

Huda for her positive attitude!

Next weeks topic: Autumn Antics

We will think about all the changes that take place in Autumn. We will explore what happens to the weather, animals, plants, trees, the food we eat and the activities we do. We will count and weigh conkers, cones, leaves and twigs and use them to make repeating patterns. We will make collages with natural autumnal artefacts and make beautiful leaf prints.

- It was so lovely to see you all at parents evening this week 😊
- A sample of your child's Christmas card design was put in bookbags together with ordering information earlier in the week
- If you go to the park please collect Autumn leaves, conkers, acorns, twigs, cones etc to bring in for next week's collage 😊

Dates for your diary:

- 14th November Children In Need, wear spots/yellow £1 for charity
- 18th November individual school photographs
- Friday 5th December Christmas jumper day
- **Wednesday 10th December Nursery Christmas concert @ 10.30am**
PM children to come in at 10.00 and all parents invited to come in to watch at 10.30am. The concert takes place in the nursery with standing room only
- 16th December children's entertainer Fred the Elf visiting @1.30 (AM children invited to join for the hour)
- **Wednesday 17th December Nursery Stories by Candlelight @4.30-5.15pm**
The nursery children creep back into nursery dressed in pyjamas & dressing gowns with their favourite teddy and bed-time drink. The nursery is decked out with twinkling lights and battery candles and the children listen to Christmas stories and eat cookies by candlelight! It's very exciting!
- 18th Christmas parties
- 19th December last day of term

Things to do at home...

Help your child to describe the Autumn changes they see around them when you go for a walk
Colours, temperature, smells, natural debris on the ground

Ask your child to carefully count, with accurate 1:1 correspondence, the cones, leaves, twigs they collect, model how to line them up and touch each one as they say a number name
