Nursery newsletter

Calais

15.5.26

Arthur

Stars of the week:

Calais for being cheerful and always having a beautiful smile 😊

Arthur for coming in waving and excited to start the day 😊

Next weeks topic: Space

We will try to understand what space is, where it is, and how big it is! We will talk about the enormity of space, the features of some significant planets, and space travel. We will think what it might be like to be an astronaut and to fly in a rocket and work on a space station. We will create a space station in our role play area and use our imaginations as we fly into space! We will make rockets, satellites etc. out of junk modelling!

A big thank you to Bobbi's grandma for generously donating so many plants for our playground. I'm sure it will look beautiful and as it will be tended to by 40 three & four year olds what could possibly go wrong?!!)

Dates for your diary

Friday 22rd May break up for HALF TERM

Thursday 11th June SPORTS DAY (9.45 am) for all nursery children apart from this term's new intake

Friday 26th June INSET DAY (whole school closed for staff training)
